

Billie

Length of Material

Corrected

Inherent in material:

- Consistent color, grain, and sheen.

Spin our vinyl and Rock your project! Our Vinyl Vault has something for every application. It's not "Santeria" or "voodoo" that makes these collections so SUBLIME and durable. It's the "small things" and "feeling this" that make these vinyl options "wonderful". SMASHING through the "broken dreams" of typical vinyl is what you have been "waiting" to "come around". "Hey baby" don't BLINK and miss this collection. Whether you lean towards BILLIE, COBAIN, or STEFANI you will feel "teen spirit" and "heart spark" for this vinyl. So, JAM with MAYNARD as there is no "wrong way" to use!

Details

Content: 100% Polyurethane

Finish type: Protected, antimicrobial

Width: 54" - **Sold in Lengths**

Abrasion: 200,000+ cycles

Durability: Heavy Duty

Flame Information

Pass CA 117-2013, UFAC Class 1, NFPA 260 Class 1, MVSS 302

Care and Maintenance

A clean cloth, dampened with the appropriate cleaning solution, should be applied to the affected area as soon as possible. Gently blot the area—avoid rubbing. For spot cleaning, use upholstery shampoo, foam from a mild detergent, or a mild dry-cleaning solvent. Recommended cleaners include soap and water; for tougher stains, you can use Formula 409 or Fantastic. To disinfect, use a 5:1 water-to-bleach solution. Do not use hot water or steam clean.
